
User Blogs

Posted by in\$aneELF - 2007/11/21 23:28

I just want to encourage everybody to use their user blogs here on Game-Spectrum.com. To access your blog dashboard, just click the "Blog Dashboard" button in the User CP on the right.

Also, you can comment on other people's blogs. To view other people's blogs, click the "User Blogs" button in the main menu, then click someone's blog to read (and the "read more" link, and then you can leave comments.

Please use these features!
