
Microsoft bids \$44.6 billion for Yahoo

Posted by v1rax - 2008/02/03 12:57

Read here

what do you guys think.

I think Google should buy yahoo and take over the net :)

I think that Microsoft will slowly take over most forms of entertainment, opposed only by those companies who do things right. Microsoft wins, of course, and the world ends in one big, firey implosion when Microsoft collapses (do to their customers saying, "Well fuck this") causing the next Big Bang.

Or some variation of the former.
